

No-Flog® 2

With two A/F sizes in one, the revolutionary & patented No-Flog® 2 helps you save money by eliminating the need to use a flogging spanner, speeding up the bolting process and directly improving operator and job site safety. It's self-supporting, hands free and won't lock on during operations.

Available in 12 sizes covering a wide range of both metric and imperial hex sizes from 27mm-120mm and 1 1/6" – 4 5/8".

Safety Kits – An extra layer of protection

Hands Free Bolting Safety Kits are simple, yet effective safety accessories which are easily fitted to Hands Free Bolting products. Kits are available to fit all sizes of the No-Flog® 2. Each including stainless steel tethers, quick connect carabiner's, nylon encapsulated expandable lanyards and secure Allen key fixings, the Hands Free Bolting Safety Kits are the ideal safety fittings to compliment the Hands Free Bolting product range.
